WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

A potent upper trough continues pushing through the region this morning. The cold front has pushed through the east side with cold air aloft producing isolated thunderstorms in the coastal region.

Eureka Weather:

Unsettled and cool conditions will persist today with showers through early Friday morning. Another cold front will bring gusty winds and a period of heavy rain during the day Friday. A drying trend will begin on Saturday with warming temperatures into early next week.

Reno Weather:

The winter storm continues to impact the region with breezy winds and snow. Travel conditions are becoming poor especially in the Sierra. Expect slick driving conditions for this morning. Another weak system is possible Friday night, before the ridge rebuilds over the west with warming temperatures into early next week.

Sacramento Weather:

Showers today with snow over the mountains. Travel delays likely over the Sierra. Thunderstorms possible in the valley. Another, weaker system brings light precipitation chances Friday. Mainly dry next week except a chance of light precipitation north around mid week.

San Francisco Weather:

Showers will continue through the morning hours then diminish in the afternoon. A weak weather system will bring additional rain to the northern part of the district on Friday. Dry weather is then expected for the upcoming weekend along with warmer temperatures.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

A storm system will continue to move through Central California morning into the early afternoon hours bringing mountain snow, valley rain, and cooler temperatures. Dry weather returns Friday and continues through the weekend.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Rain will continue to fall across the region through part of the morning with gusty winds in the mountains and Antelope Valley. It will then be dry through early next week with a warming trend.

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A weakening cold front will bring showers across the region this morning. Shower activity will fade by afternoon. Strong and gusty winds will continue in the mountains and nearby deserts this morning then diminish this afternoon. It will be cooler with daytime temperatures closer to normal through Friday then a warming and drying trend will occur over the weekend. For early next week temperatures will again be near record levels under a strong high pressure ridge with dry weather persisting.

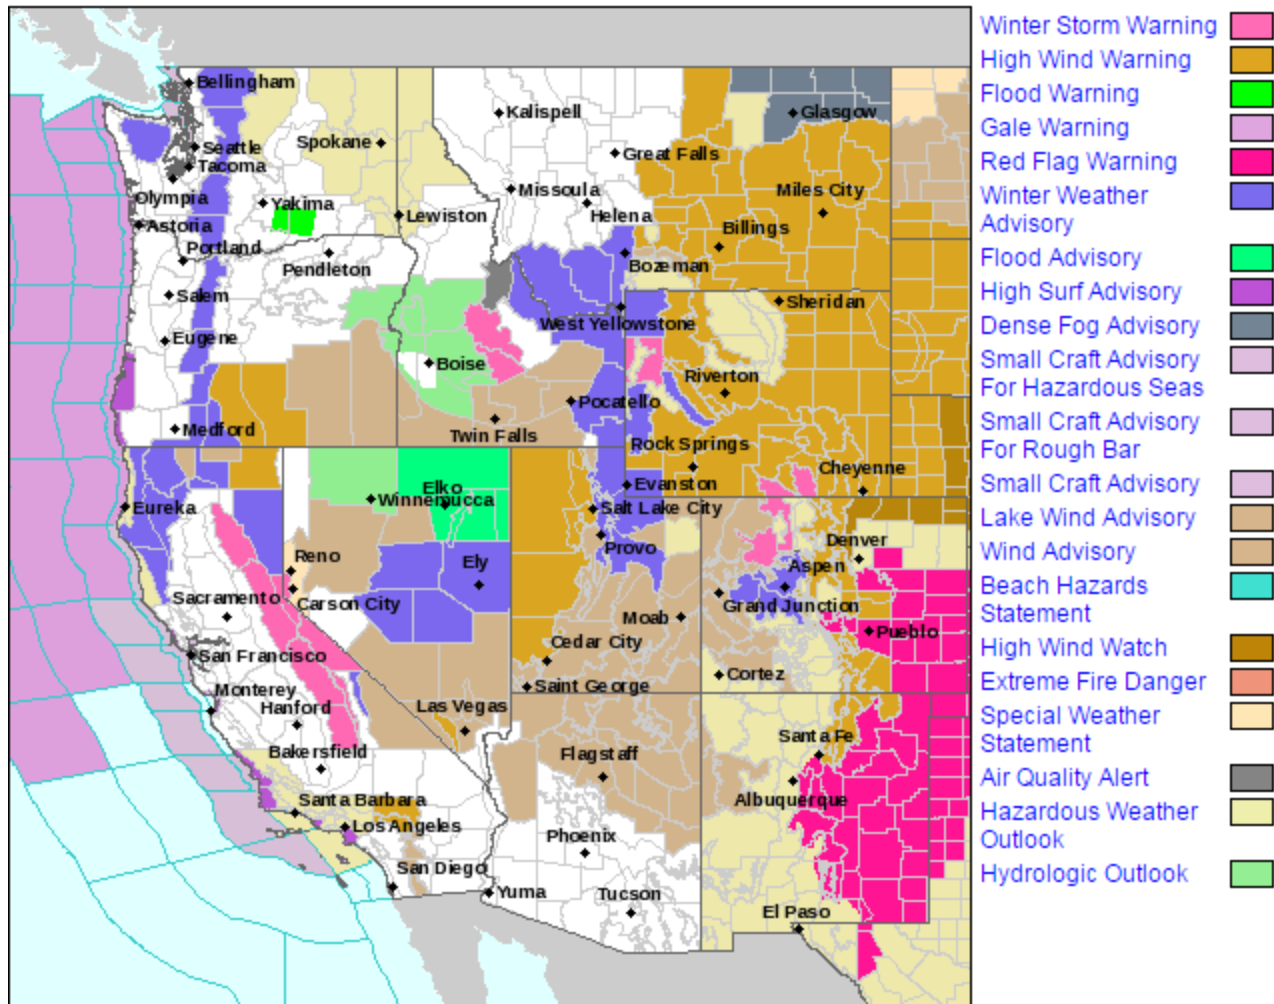

Southeast California Weather:

A turn towards somewhat cooler temperatures and an increase in cloudiness is on tap today and Friday as a upper level low pressure system moves off to our north across the Great Basin.

However temperatures are again expected to warm well back up into the 80s from this weekend onward into at least the middle part of next week as strong high pressure rebuilds over the desert Southwest.

CAL OES MISSIONS

Closed Cal OES Missions:

2016-LAW-21534 2/17/16, 2012 hours AFRCC advised of a PLB sounding in Kern County at the S/E Corner of South Union Ave at Di Giorgio Rd. According to AFRCC, this PLB is registered to PG&E and used with a land vehicle for utility operations. At 2018 hours AFRCC advised of a missed pass, with the next pass scheduled for approx. 2100 hours LDO was unable to reach the R/O but did reach the emergency contact, a PG&E Supervisor, who stated all their PLB's are used in Northern California and assigned to work crews but none of them were in the field tonight. I gave him the beacon ID # so he could verify if this particular device is still in the PG&E cache. **2036 hours** LDO briefed Kern County S.O. **2114 hours** AFRCC advised of second consecutive missed pass. Kern SO advised that Deputies were in the area but found no one in distress. Based on the cumulative information including consecutive missed passes, the information from PG&E and the S.O. response, the mission was tentatively closed. At **2158 hours**, AFRCC confirmed the 3rd and final missed pass. Both the OES and AFRCC Missions were closed at that time. **MISSION CLOSED.**

2016-LAW-21496 2/16/16, 1709 hours, Monterey County Sheriff's Office is requesting a Law Mission Number for a search of a structure that burned in the City of Salinas last weekend. The search will take place on Wednesday, 17 Feb., 2016. Monterey SO is making this request on behalf of Salinas Fire and have already secured a K9 from Monterey Bay Search Dogs. **Update: 2/16/16 @ 1850 hours** Monterey SO advised the K9 previously secured is not available; they would also like a second K9 Team for Wednesday at 0900 at Salinas Fire, 300 Main St., Salinas. Cal OES LEB coordinating the request for 2 HRD K9's. Salinas Fire personnel have deemed it safe for the K9's and will have crews on site during the search to continuously evaluate conditions for the K9 Team. **UPDATE: 2/17/16, 1600 hours**, Salinas Fire Captain Vaughn advised the K9 teams performed well and did not locate any human remains. The teams were at the CP at the scheduled time but were delayed in their searching due to ATF activity. The teams finished their searching by 1300 hours and were released. **MISSION CLOSED.**
